Short Bio

STORMHAMMER is a hard-hitting power metal band that hails from Munich, Germany. They seamlessly blend the raw force of classic heavy metal with the soaring, epic melodies of the European scene and execute it with technical precision. Their upcoming album "*Wrath of the Hammer*" (July 2026) is already highly anticipated and follows the successful best-of album "*Never Surrender – 30 Years of Power*" (2022), which celebrates three decades of the band's historical anthems.

STORMHAMMER is known for their high-energy and absolutely thunderous live performances. Over their storied three-decade career, the band has shared the stage with high-profile metal titans such as Blind Guardian, Grave Digger, Hammerfall, and Doro Pesch. Having commanded stages at major festivals across Europe, they continue to deliver a relentless intensity that has earned them a dedicated global following.
